

10,000 LINE UP FOR TAX STAMPS

Raise Protest Over Delay, Collector Temporarily Waives Penalty.

New York, Dec. 1.—A throng of more than 10,000 persons stormed the United States Internal Revenue office in this city today endeavoring to buy the new tax stamps that have to be affixed to many documents and proprietary articles. Thousands who had to wait in line became so demonstrative that extra police were called to keep them quiet.

Collector Anderson estimated that 20,000 persons will have received the stamps before night.

Because of the inability of his clerical forces to handle the throng, collector Anderson issued a statement announcing a stay in the war tax penalties "until such time as the office is able to handle applicants promptly."

The fact that the passengers on two steamers, sailing today for Europe, had engaged passage before the law went into effect prevented the government from collecting \$714,000 from them under the new tax. The vessels carried 2500 passengers, who had paid more than \$10 each for their tickets, and consequently would have been subject to a war tax of \$1 each.

He took May's Wonderful Stomach Remedy, then wrote:

"I have taken all of your wonderful stomach remedy and got good results from it. I have gained in weight since starting on your remedy—twenty-one pounds so far. I was under the care of five doctors for about six months before I got your medicine. I am entirely well."

ZAPATA ENTERS CAPITAL, LEAVES

Bandit Chief From South Gets Out After the Arrival of Gen. Villa.

Washington, D. C., Dec. 1.—Dispatches today from American consul Silliman in Mexico City reported the arrival in person of Gen. Zapata Sunday. Zapata at once restored the tram car property, confiscated by the Constitutionalists, to the owning corporation, and restored property of an American entrepreneur named Hill, which also had been taken.

Later Zapata left for Puebla. The city was quiet and orderly.

Communication between the capital and Veracruz was restored late Monday. American consular agent Carranza reported, under date of Tula, a short distance from Mexico City where he was with Villa. He reported preparations were being made for an attack on Gen. Gonzalez, Carranza's chief, who was reported to be at Pachuca.

The killing of four Spaniards on the entry of the Zapata forces was also reported. Zapata has conferred with the Spanish minister and it is said gave assurances that he will protect foreigners in the future.

CARRANZA HOLDS

Zapata Is to Have Representative in Washington, Is the Report.

(Continued From Page 1)

Carranza. He was summarily removed by Villa. Later he was ordered to leave Carranza by Carranza's forces, south of Torreon and forced to come to that city. Carranza is now in command of the forces at Parral, following the raid by the Herreras. He was last reported as operating east of Mexico City.

Carranza Holds Pachuca.

Pachuca, state of Hidalgo, is still held by the Carrancistas and there has been no fight there, according to a telegram received here. Carranza's forces, which states the line from that city to Pachuca is open and that telegrams have been received direct stating that no convention forces are even in the vicinity.

Definite reports as to the whereabouts of Gen. Pablo Gonzalez, who is declared to have a large force, are still lacking. Villistas are inclined to believe that he is in the neighborhood of Guadalupe while it is also stated that he is now in the Pachuca district.

Plenty of "Diplomats."

Zapata is to have a representative at Washington, according to messages received here. Camillo Arriaga has been appointed by the Mexican chief to this position and will leave San Antonio for Washington in a few days. His arrival will bring the number of unofficial representatives of Mexico stationed at Washington up to three. E. C. Lorente is representing the Villa-convention faction and Rafael Zubaran Capuana is the personal representative of Carranza.

Tampico Well Fortified.

All the Carranza troops sent from Puerto Mexico to Tampico have arrived safely and it is reported that the port is probably the most strongly defended point in Mexico. The reinforcements from Puerto Mexico numbered 6100 and the total garrison now numbers more than 10,000. The gunboat Zaragosa is stationed in the Panuco river.

Gen. Ramon Iturbe continues active in southern Sonora, according to Carrancista reports received here. The Sinaloa leader has repaired the railway line to a point near Navajo and is now said to menace that city. It is declared that his movement north will be made at the same time that Hill at Naco inaugurates a southern campaign. Maytorena is reported as short of ammunition and as having continual trouble in view of the Carrancistas in view of these facts, are inclined to believe that Sonora will soon be controlled by forces of the first chief.

Villalaz Gets a Boost.

Letters received here from Monterrey state that, upon the entry of Gen. Antonio L. Villalaz into the city, speeches were made by his officers to the effect that they would not fight for the convention or for Carranza but that they would fight "for Villa, for the real Carranza" and for the Carrancistas in view of these facts, are inclined to believe that Sonora will soon be controlled by forces of the first chief.

Hidalgo Capital Taken.

A telegram to the Associated Press sent last night by Gen. Villa's first secretary, Luis Aguirre Benavides, from Tula, said:

"Tonight the city of Pachuca, where Gen. Pablo Gonzalez, Jacinto Trevino and other Carrancista chiefs with their respective brigades and taken refuge, was taken. In the assault no more than three brigades of our forces, forming the vanguard, took part."

"They obtained as trophies of war all the Carranza trains, a large number of cannon and automobiles and articles which they have looted from the city of Mexico. A large quantity of provisions also was abandoned."

Pachuca is the capital of Hidalgo state.

Railroad Is Open.

Railroad communications have been opened between Juarez and Mexico City, according to an announcement of the Villa agency here. This will afford the only entry into the capital since the railroad between Mexico City and Veracruz has been cut.

It was stated that both passenger, including sleeping car service, and freight would be accepted on the former National lines of Mexico.

WILL THERE BE AN EDISON IN YOUR HOME THIS CHRISTMAS?

Why An Edison Diamond Disc Phonograph?

BECAUSE the Edison disc is a musical instrument capable of reproducing the overtones in the original music.

BECAUSE the Edison tone is a natural one, sweet, clear, true. There is no difference between the reproduction and the original.

BECAUSE wherever the Edison Diamond Disc goes it will eventually create a musical atmosphere that will appeal strongly to those who understand music professionally as well as those who love music although not themselves musicians.

BECAUSE the Edison ten-inch disc holds more music than a twelve-inch disc of other makes.

BECAUSE the Edison disc is of such a hard composition it is not susceptible to breakage and wear.

BECAUSE the Edison has a permanent diamond point—no needles to change.

BECAUSE the Edison sends forth REAL MUSIC.

FINALLY the first record that you hear on an Edison will compel you to dismiss from your mind completely the question,
